

# WORTH VE. ROUP

SOLUTIONS FOR A DIGITAL WORLD

**Worth Ave. Group** is a fully licensed insurance agency and extended service plan administrator, based out of Stillwater, Oklahoma. Our satellite sales and marketing office is located in Gahanna, Ohio. **Our companies leverage over 50 years of insurance and administration experience.** With a foundation of small town values, we pride ourselves on providing the high quality and personalized service that customers have come to expect.

Our goals are simple. We strive to provide an exceptional level of customer service, offer affordable and flexible product options designed to exceed customer expectations, and ensure an efficient and simple claims process. To do this, we manage all aspects of the business internally. This includes marketing, sales, customer service, claims adjudication, and device repair.

**We are licensed to sell and administer electronic device insurance policies and extended service plans in all states.** Direct to consumer products are sold online via our website and through our partner channel. We have a commercial sales team in place to target educational and enterprise customers. Our extended service plans are offered both direct and through our partner/reseller network. We are the **largest provider of specialty device insurance and service plans in the K-12 market with over 2,000 unique customers**, ranging from individual schools to entire school districts.

Our insurance policies and service contracts are backed by highly rated insurance carriers as reviewed and rated by A.M. Best. This includes **"A" rated The Hanover Insurance Group, Inc. and Starr Indemnity & Liability Company.** Worth Ave. Group is rated A+ with the BBB. Our fully compliant product offerings ensure that customers and partners will never face interruption or discontinuance of services.

Our affiliations include **National Student Services, Inc. (NSSI)** and **The Repair Depot (TRD).** NSSI is recognized as the premier provider of **college personal property insurance since 1971.** The Repair Depot focuses on electronic device repair and currently manages **2,000+ repairs a week.**
